

NON-LIFE INSURANCE FORUM 2024

**"Navigating the Complexities of Insurance Pricing:
PML, Sensitivity, and Regulatory Compliance"**

Tuesday 5 November 2024

At Ballroom 2, S 31 Sukhumvit Hotel

BACKGROUND

The insurance industry is undergoing rapid transformation, with evolving risks, regulatory changes, and emerging technologies reshaping the landscape. As insurers navigate these challenges, the need for sophisticated pricing strategies has become more critical than ever. Understanding factors such as Probable Maximum Loss (PML), sensitivity analysis, and regulatory compliance is essential for insurers to remain competitive and resilient.

The 2024 Non-Life Insurance Forum, organized by The Society of Actuaries Thailand (SOAT), will focus on "Navigating the Complexities of Insurance Pricing". This forum is designed to bring together actuaries, risk professionals, and industry leaders to discuss advanced pricing models, risk management strategies, and regulatory expectations. Participants will gain valuable insights into the latest trends and innovations, helping them to address pricing challenges and optimize their operations in a complex and dynamic market.

The SOAT is pleased to be once again hosting this event, which will take place on 5 November. Non-Life Insurance Forum qualifies for (CAS / Actuaries Institute Australia / IFoA / SOA) Continuing Professional Development (CPD). A maximum of 3 CPD hours* can be claimed from Non-Life Insurance Forum.

*1 CPD hour = 60 minutes (for SOAT)

SPEAKER

MR. MIKOŁAJ SKRABURSKI

UK&I Customer Success Manager, Quantee

Mikołaj Skraburski, Experienced actuarial professional with 7 years of experience gathered from leading insurance & consulting companies in the UK, Ireland, Germany & Poland.

Passionate climber & coffee scientist interested in way too many things at once.

MR. MÉDÉRIK BESARABOV

Senior Manager Pricing & Data Analytics P&C, Addactis

Médéric Besarabov is an Associate Actuary (CEA, IRM) and holds a master's degree in actuarial science and statistics from UPEM. He joined Addactis in 2021.

Since 2010, he has held various positions in statistical studies, actuarial science, and data science within Generali and Allianz, primarily focused on technical management and property and casualty (P&C) insurance products.

Specializing in Non-Life insurance, Médéric has developed expertise in several key areas, including pricing, risk management, risk modeling, and portfolio management (individual cars and fleets, home, etc.), as well as customer value.

Today, he supports insurance players in missions and solutions related to P&C insurance products (pricing, data) and engages in innovative projects aimed at creating new offerings.

SPEAKER

MR. NATIGORN CHUTINTARARUK

Senior Vice President of Actuarial and Special Projects department, Thai Reinsurance Public Company Limited

Natigorn Chutintararuk (Draft), FCAS, FSAT is the Senior Vice President of Actuarial and Special Projects department at Thai Reinsurance Public Company Limited. With over 10 years of experience in both pricing and reserving within reinsurance and direct insurance companies in Thailand and the USA. He holds a Bachelor's degree in Computer Engineering from Chulalongkorn University and is a Director of the Society of Actuaries of Thailand. Natigorn is part of a working group with the Office of Insurance Commission (OIC) to study the relaxation of rate regulation for non-life insurance companies in Thailand.

MS. PEARWA MEKSIARUN

Senior Consultant with the Insurance Consulting and Technology practice, Willis Towers Watson Thailand

Pearwa is a Senior Consultant with the Insurance Consulting and Technology practice at WTW Thailand, and is an Associate of the Casualty Actuarial Society. She is currently actively led multiple IFRS 17 consulting and implementation projects for clients across South East Asia, including Thailand. She has been involved in projects such as IFRS 17 gap and impact assessment, review of IFRS 17 position papers, assessment of PAA eligibility, and IFRS 17 implementation, Liability valuations and stress testing for various direct insurers, reinsurers and captive insurers mainly in Singapore and across Asia. She is also assisted OIC to establish a supervisory framework for insurance products in Thailand.
