BACKGROUND

“The Precision Paradigm: Aligning Actuarial Science with the Future of Medicine,” aims to provide insights into the latest developments in medical and their implications for the actuarial and insurance industries. It will explore how advances in medical science, technology, and data can be translated into better risk assessment, product development, pricing, reserving, and long-term sustainability. Through regional perspectives and practical insights, the seminar seeks to highlight the opportunities and challenges ahead, and how actuaries can adapt and play a meaningful role in shaping the future of insurance.

The SOAT is pleased to be once again hosting this event, which will take place on 17 September 2026 in Bangkok. Life Insurance Forum qualifies for (Actuaries Institute Australia / IFoA / SOA) Continuing Professional Development (CPD). A maximum of 3 CPD hours* can be claimed from Life Insurance Forum.

*1 CPD hour = 60 minutes (for SOAT)
